FRANCE SUES FOR PEACE

Nazis Invite Spain To Participate; Great Britain Will Fight On Alone

The FARMERS CORNER

by RALPH H. TAYLOR
Executive Secretary
Agricultural Council
of California

EDITOR'S NOTE: This is the second in a series of four articles by Ralph H. Taylor, farm leader and seasoned observer of government, discussing the current world crisis and what this country can do to safeguard popular government and the system of private enterprise. While Mr. Taylor's articles are directed particularly to farmers, any thoughtful citizen, who cherishes the right to work out his own destiny, will find this series both interesting and challenging.

Flying fortresses, battle cruisers and mechanized columns can defend the United States against an invader, if this country is adequately prepared, but no military machine can guarantee the liberties of the American people.

That guarantee can come only from the people themselves; from their resolve to live and work together, intelligently and tolerantly, as members of a democratic community.

There must be economic preparedness—if the people of the United States are to profit from the tragic experience of England and France and safeguard their liberties and democratic institutions.

France is paying now in the blood of her young men, and in an agony of calamity and uncertainty, for her national disunity of several years ago—for her sit-down and slow-down strikes, which paralyzed the French industrial machine and allowed Hitler to build tanks and bombers while France experimented with the left-wing Populaire.

When the idealistic but impractical premier, Leon Blum, took office, he sought to placate the Communists and their fellow travelers by making them part of the government; he raised wages and he shortened hours, without regard to industry's ability to carry the load; he attempted nationalization of defense industries. But living costs and production costs soon outstripped wage increases; strikes spread like a contagion; unemployment increased; trade became stagnant—and government expenditures and taxes finally became unbearable. Blum's regime fell in April, 1938, but before it fell it paved the way for Hitler's march on Paris.

England, too, is paying a bitter price now, because her government leaders and her people failed for years to measure up to their responsibilities—because class jealousies and petty wrangling blinded him to the hurricane gathering in Berlin.

This country, during the past decade, has passed through a period of disunity, class warfare, bureaucratic excesses and visionary experimentation not unlike that in England and France. American bureaucracy has curtailed production by irresponsible decree and has sand-bagged private enterprise by government-financed competition and drastic restrictive penalties. Strikes and civil war in labor's ranks have clogged production and thrown tens of thousands on relief, to be supported by already over-burdened taxpayers. Politicians have catered to the shiftless and indolent—and made demagogic war on the industrious.

Due to fortuitous circumstances, the United States still has time to put its house in order, if the people are sufficiently aroused to do so. Thus far, the Atlantic and Pacific oceans have protected us from the full consequences of our own folly, but economically we have paid a terrific toll for departing from the principles of a democracy.

If this country is to be fully prepared against invasion by proper (Continued on Page Three)

NEW DEFENSE BILL OFFERED

Congress Remains In Session; 84 More Ships Would Be Authorized

WASHINGTON, (U)—Administration leaders today gave up all hope of adjourning congress this week and instead announced that the crisis resulting from France's capitulation makes it necessary for greater effort to complete the defense program.

NEW DEFENSE BILL

WASHINGTON, (U)—Chairman Carl Vinson of the house naval affairs committee today introduced a new naval expansion bill calling for a 22 per cent increase in the U. S. Navy by the addition of 84 warships at an ultimate cost of \$1,200,000,000.

Vinson said that an \$80,000,000 deficit less than an hour after President Roosevelt had signed another naval expansion bill for an 11 per cent increase in fighting tonnage—representing 22 new warships.

Vinson said that a \$80,000,000 deficiency appropriation would be asked for immediately to start the new program. It would increase to 244 the number of ships being built by the navy, he said.

ECONOMIC PACT

WASHINGTON, (U)—President Roosevelt moved today to unite the 22 nations of the western hemisphere, including Canada, in a tight economic union to present a solid front against the economic upheavals in the rest of the world.

Details of the move were not disclosed, but the White House revealed that Secretary of State Cordell Hull, Secretary of Agriculture Henry A. Wallace, Secretary of Treasury (Continued on page two)

John E. Dunlap Answers Call

Rites On Wednesday For Well-Known Dairyman Of Latrobe And Lake Valley

Funeral services will be held Wednesday morning at 11 o'clock from the Miller Mortuary chapel at Folsom for John E. Dunlap, 77, who died on Sunday at his summer residence near Bijou, Lake Valley. Interment will be at the Masonic plot at Folsom Cemetery.

Mr. Dunlap's health broke following the death of his wife in January, 1939, and within recent months he had failed rapidly.

A native of Illinois, he came to California as a boy.

In earlier life he was employed in lumbering and later, for many years, was a railroad engineer on the train operating between Truckee and Tahoe City.

Subsequently he entered the dairy business and for many years had been associated with the operation of a dairy which had its summer range at the south end of Lake Tahoe, near Bijou, and winter range in the western part of the county, between Latrobe and White Rock.

Mr. Dunlap is survived by four sons, Jack, James, Bart and Roger; and by five daughters, Mrs. Helen Tyler, Miss Glorine Dunlap, Miss Eloise Dunlap, Miss Ruth Beverly, of Sacramento; and Mrs. Gene Anderson, of Bijou.

Seven grandchildren also survive.

George Metcalf Honored Among J. C. Graduates

George Metcalf, son of Mr. and Mrs. G. H. Metcalf, of Coloma, has the distinction of being the only student from El Dorado County to be graduated "with distinction" at the Sacramento Junior College this year.

POLICIES AND PROGRAMS affecting the local races in the 1940 All-American Soap Box Derby were discussed by this group of representative newspapermen from 14 cities at a pre-race meeting in Detroit. Their practical suggestions were incorporated in the plans for the seventh annual Derby, characterized as "the world's greatest amateur racing event."

vender, Atlanta Constitution; Paul Waitt, Boston Traveler; R. L. Martin, Flint (Mich.) Journal; Ray Haynes, Benton Harbor (Mich.) News-Palladium; Ray Kuhn, Bay City (Mich.) Times; M. E. Scott, The Dayton (Ohio) Daily News; general Derby chairman; and J. W. Schlemmer, The Akron (Ohio) Beacon Journal.

NATHAN C. GROSS FOUND DEAD SUNDAY IN HOPE VALLEY

Fruit Ridge Resident Apparent Victim Of Heart Ailment While Fishing Alone; Rites Will Be On Wednesday Afternoon

The many friends of Nathan Chester Gross, of Fruit Ridge, will be shocked to learn that he was found dead Sunday afternoon on the bank of Willow Creek, in Hope Valley, Alpine County, where he had gone alone on a Sunday fishing excursion.

Mr. Gross' body was found about three o'clock in the afternoon, laying face down, his hand still clutching his fly rod. A. M. Jordan, of 1411 Josephine Street, Berkeley, discovered the body as he was fishing along the stream.

He communicated with George W. Covan, Alpine County coroner, who notified relatives at whose direction the body was brought to Placerville in the care of Memory Chapel.

The last rites will be held Wednesday afternoon at 2 o'clock from Memory Chapel, Elder H. C. Olmstead of the Seventh Day Adventist Church will have charge. Interment will be at Union Cemetery.

It was learned that Mr. Gross arose early Sunday and left for Hope Valley for a day's fishing about four o'clock in the morning. Presumably he reached the stream about six o'clock. The circumstance that he had begun the day early

and that his lunch was found secured to his belt leads friends to suppose that he passed away after he had been fishing two or three hours. There were some fish in his creel.

Mr. Gross was a native of Burlington, Iowa, born fifty-five years ago last October 1. He came west as a young man and was employed as a railroad engineer in Los Angeles dating from about 1903.

He was married at Sacramento in August of 1911 to Genevieve Shepherd, daughter of Dr. S. B. Shepherd, of Fruit Ridge, and the couple had made their home at Fruit Ridge since 1914. Mr. Gross being employed by the Michigan-California Lumber Company as engineer on their mono-rail crane.

Fellow workmen report that Mr. Gross had mentioned his heart condition was not good and it is supposed that an acute heart attack was responsible for his sudden passing.

He is survived by his wife, Mrs. Genevieve Gross, Fruit Ridge; his mother, Mrs. Mary Gross, of Los Angeles; and a brother, Warren, of Hollywood. A son, Ted Gross, passed away eleven years ago.

BOURBON DELEGATES TO SPEND JULY 9 AT TREASURE ISLAND

SACRAMENTO (U)—Gov. Culbert Olson, chairman of the California Roosevelt delegation to the national democratic convention, announced the delegates will participate in a daylong program at the Golden Gate Exposition on Treasure Island July 9 and leave the following day for Chicago.

The program will be directed by a committee headed by State Senator John F. Shelly, San Francisco, the governor said in a letter to all delegates and alternates inviting them to attend.

Invitations also have been issued to Oregon, Washington and Nevada democratic delegations to join in the program and travel aboard the California special train.

William Dietz was among those in town Monday morning from the Camino vicinity.

Louis Wunschel was a caller on Monday morning from Rescue.

COMPETITION LACKING IN MODEL AIRPLANE CONTEST

The model airplane contest announced for Sunday under American Legion auspices at the fair grounds suffered for lack of competition.

Only one plane was entered, a motored model made by Tom Smith, who carried off the first prize for his class, a \$7.50 airplane engine.

Members of the sponsoring organization said that a number of boys interested in making model airplanes were present as spectators, but that for some reason they failed to enter their planes in competition, although the prize list was, by comparison with other similar events, especially attractive.

Lester Longhurst took his wife and Mrs. May to Sacramento Saturday night where the two ladies entrained for Salt Lake City for the Soroptimist Club convention. They are delegates from the local club.

Fishermen Hold Annual Outing

Club President Wins Lake Trout Award; Brook Prize To J. C. Jones

Approximately thirty-five members and friends of El Dorado County Rod and Gun Club shared the second annual mid-summer outing of the organization at Wentworth Springs during the weekend. The event also commemorated the twenty-fifth anniversary of the founding of the club.

Principal news interest in the outing is the fact that Leo Barrett, club president, won the \$2.50 cash award offered for the biggest lake trout caught during the outing. Barrett landed a three-pounder.

The \$2.50 award offered for the best catch of brook trout was claimed by J. C. Jones, of Pino Grande.

The schedule of the outing included a steak dinner Saturday night.

B. E. Haslam, agricultural conservation association secretary, is in Inyo County on association business.

CAPITULATION LEAVES VITAL QUESTIONS UNANSWERED

Fate Of French Navy, British Expeditionary Force And Colonies In Balance; Russia's Renewed Action Creates Added Concern

(Ed. Note:—Attention is directed to another in the series of United Press war maps, which will be found on Page 2.)

MADRID, (U)—Germany today invited Spain to participate in the peace negotiations with France.

BRITAIN FIGHTS

LONDON, (U)—Great Britain today pledged herself to carry on the war against Germany alone. There is no reason to believe, it was said

here, that France will not place all her resources outside the mother country at the disposal of her war ally.

RUSSIA MOVES INTO BALTIC

Stockholm Rumor Says Soviet May Join Turkey, Balkans Against Germany

STOCKHOLM, (U)—Russia sent motorized troops into Latvia and Estonia today, it was understood here, after charging them with "rude violation" of mutual assistance treaties.

Rumors circulated here that the Soviet was preparing to go to war against Germany and that the Balkan states and Turkey would join her.

INVASION IMMINENT

LONDON, (U)—Great Britain, its empire and its national life at stake, faced Germany and Italy alone today with the threat of an imminent German invasion and the possibility that the French fleet, second most powerful in Europe, might be turned against it.

It was disclosed now that a French surrender had been expected, that French military leaders had decided long ago that the German blitzkrieg could not be stopped unless the United States and Britain gave aid on a scale which proved impossible.

It was disclosed that there had been an agreement between Britain and France that, if French resistance on the continent became impossible, the French would carry on with its air force and its navy and the resources of the French empire as a government in exile.

Today, when Marshal Philippe Petain announced that France had asked for German peace terms, it was not even known what would happen to the fleet, and whether France's naval bases in the Mediterranean basin would be turned over to Germany.

"CIRCUS" OF CUB SCOUT PACK ATTRACTS PARENTS, FRIENDS

Placerville's Cub Pack of Boy Scouts held their annual "circus" Friday night at the Junior Community Hall on Benham Street, with about fifteen boys taking part and with an attendance of about fifty parents and other friends.

The event was arranged under the guidance of Mrs. H. E. Hollenbeck, Mrs. Wilder Immel and Mrs. Jack Phegley with the assistance of Cubmaster Loren Atwood.

The boys and their mothers had gone to great effort in the creation of costumes for the event and among the "wild animals" in the menagerie was a "lion" which it was a little difficult to recognize as someone's dog.

There was a fine spirit, lots of enthusiasm and real circus lemonade to conclude the show.

Shingle Couple Wed At Reno Recently

Among licenses to wed reported June 13th as issued at Reno, was one to Antone Molina, 62, and Ruth Martin, 46, both of Shingle Springs.

Maul To Leave City Post

Richard Barry, His Law Associate, To Succeed Him On July 1st

City Attorney Thomas Maul concludes sixteen years of active service to the city of Placerville when he retires from office on June 30th.

Accepting Mr. Maul's resignation effective on the above date at their meeting Friday night, the members of the city council appointed Richard Barry, Mr. Maul's associate in legal practice, to succeed him.

Mr. Maul's service to the city includes a term during which he served as a councilman. He had "served notice" on the city council when it organized following the regular election this Spring that he would ask during his present term as city attorney to be relieved of the duties of the office.

Mr. Maul is attorney for El Dorado Irrigation District and, in addition has a private practice built up during his many years of residence in the community. In addition, he is a candidate for nomination and election as the next State Senator from the Ninth District, embracing El Dorado, Amador and Alpine Counties.

County 4-H Club Council Meets On Wednesday

The regular June meeting of the County 4-H Club Council will be held Wednesday night at the Farm Advisor's office. Major items on the evening's program of business will include the election of officers for the new year and the conclusion of plans for the annual 4-H Club Farm Bureau overnight camp at Lake Tahoe, this coming weekend.

PRIVATE EMPLOYMENT SHOWS INCREASE DURING MAY

SACRAMENTO — Reflecting the current industrial upswing, the state department of employment today announced a nine per cent increase in job replacements for May over April, 1940, with 22,244 California workers receiving employment through the department's 78 field offices.

Jobs in private employment were found for 20,182 workers, the report shows; an increase of thirteen per cent over the April 1940.

Brown rot is bothering plums in Placer county.

New Defense Bill Offered

(Continued from Page One)
Secretary Henry Morgenthau, Jr., and Secretary of Commerce Harry Hopkins are working at top speed on the plan.

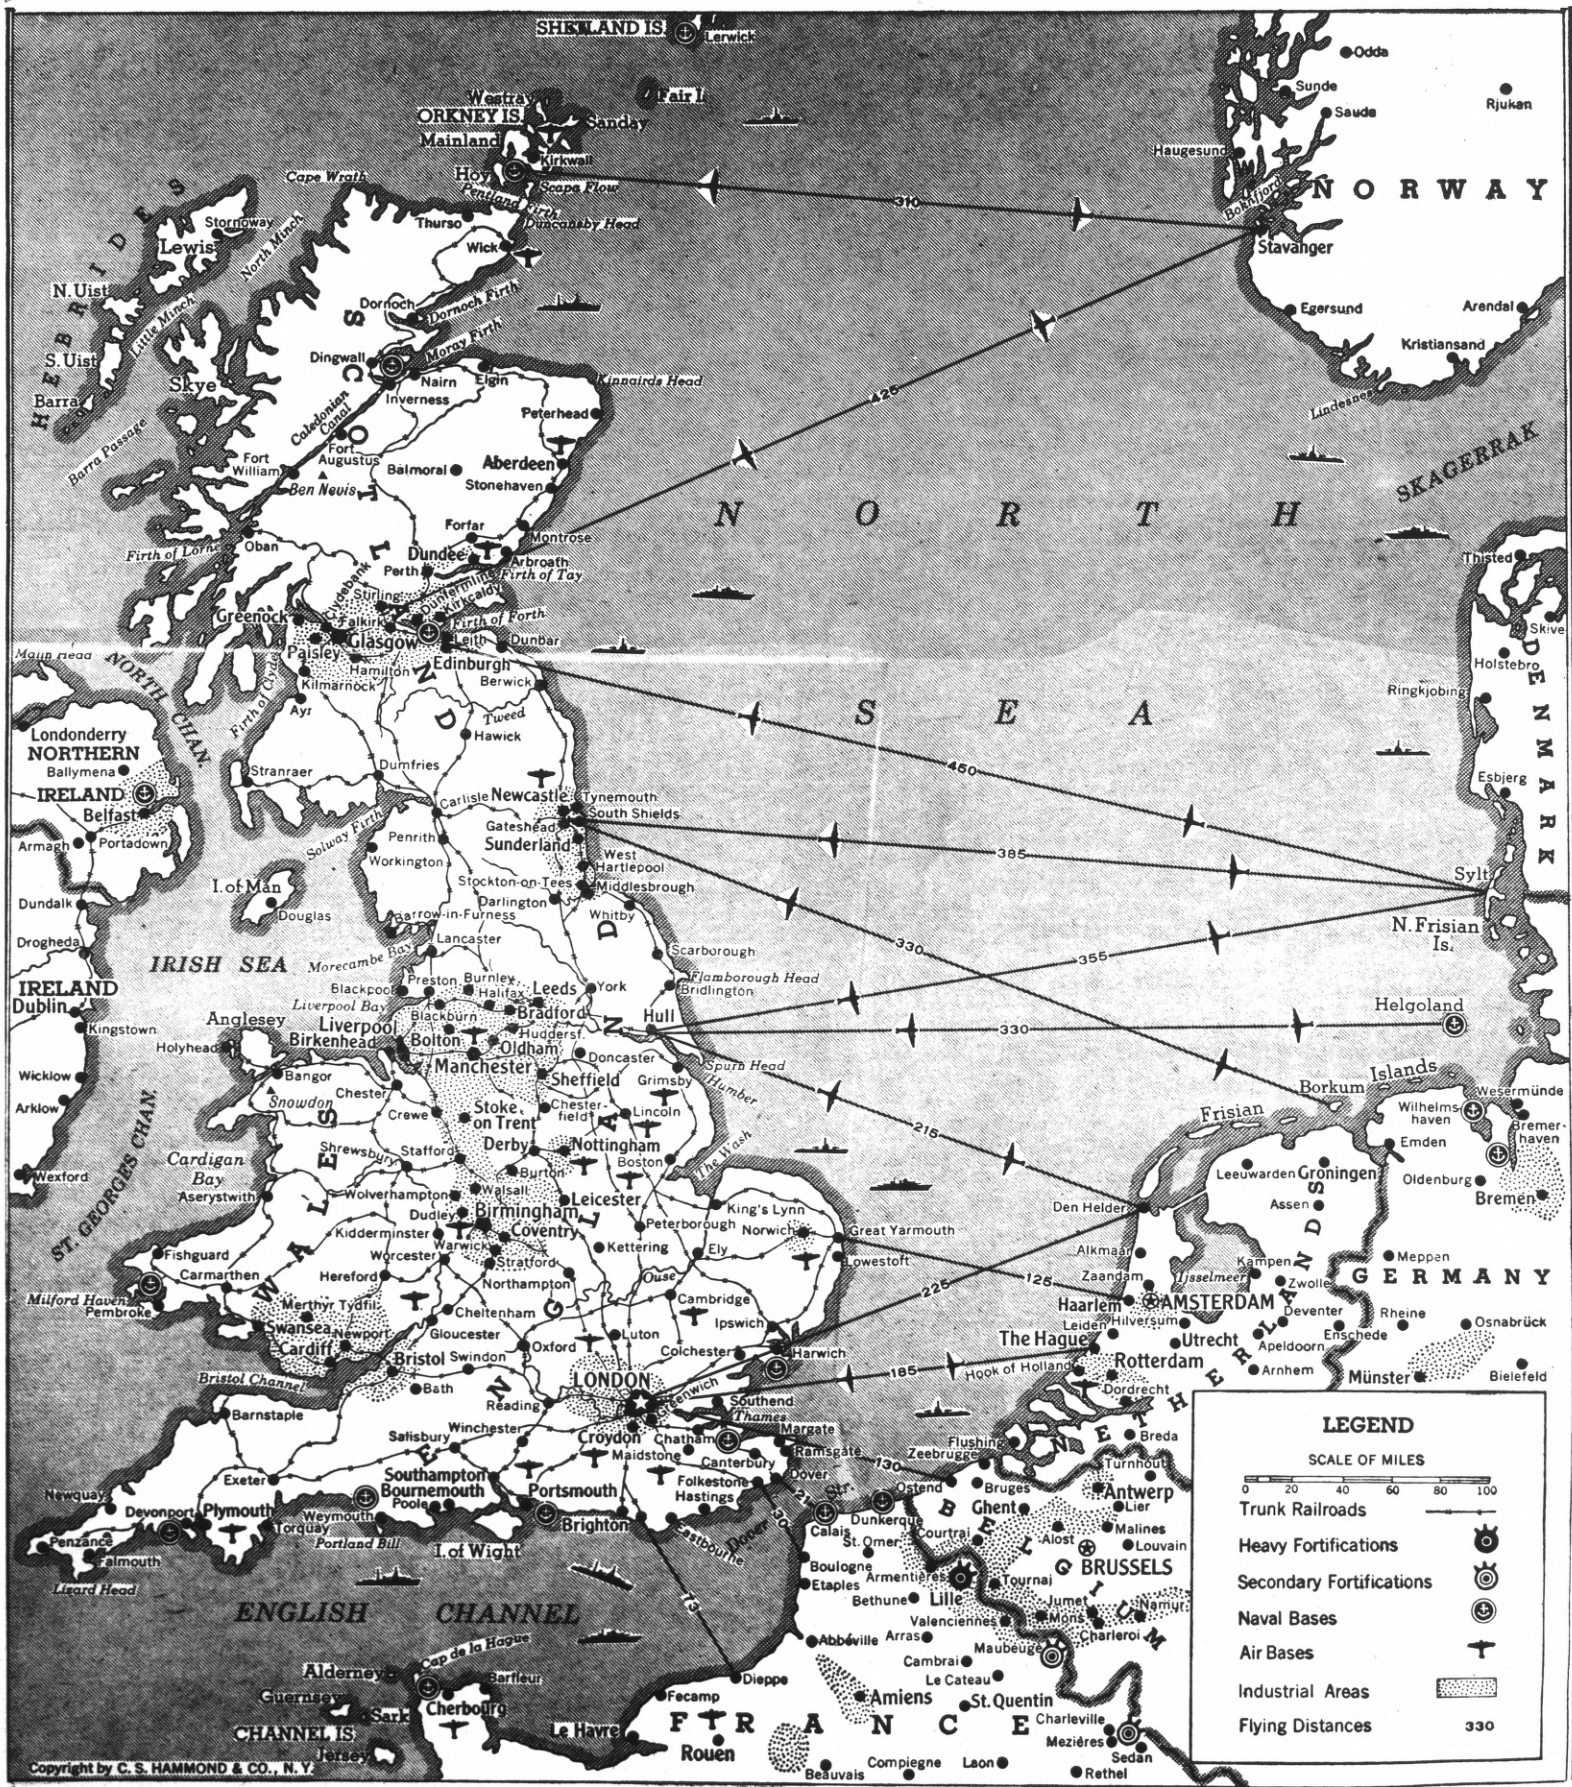

The disclosure was the first reaction from the White House to the news that France was suing for peace with Germany.

It was learned authoritatively, although the White House would not comment, that the plan envisages an economic collaboration among the 21 American republics and perhaps Canada which would enable the major crops and surpluses of the hemisphere to be sold and disposed of through a central medium.

Mr. and Mrs. George Lial and son, James, of Sacramento, have been recent visitors with the G. H. Metcalfe at Coloma. Mr. Lial, deputy county clerk in Sacramento County, came up with his family for the weekend and Mrs. Lial and James remained for a longer visit.

Frank Steinley, of San Francisco, has been visiting Mr. and Mrs. G. H. Metcalfe, at Coloma.

UNITED PRESS WAR MAP

Here is another United Press war map which shows in detail the British Isles and the Continental coast line from northern France to southern Norway. It highlights the industrial areas, communications lines, air and naval bases of Great Britain. It also shows airline distances between key military objectives of the Allies and German-held territory. Use it to follow United Press war dispatches in

THE FARMERS' CORNER

(Continued from Page One)

ganda; if it is to maintain respect throughout the world for democratic processes; if it is to solve its economic problems and put its people back to work — then the sober, thoughtful people of America need to bury past differences, real or fancied, and take firm hold of their job of self-government.

Public officials who forget that they are public servants, and who behave like small editions of Herr Hitler, need to be retired to private life; toll and sweat need to be substituted for "something-for-nothing" philosophies, and attempts to sabotage America's system of private enterprise must be stamped out before they have brought disaster here, as they have over seas. The people of the United States are willing to pay billions for defense, if necessary. But they are sick and tired of paying tribute to political bureaucrats who spend their time and the taxpayers' money making war on the people who support them.

SACRAMENTO CUB SCOUTS LAUNCH OFFICIAL PUBLICATION

We have received from Cub Pack No. 3008, Boy Scouts of America, the first issue of their official publication, "The Cub," which will be issued once each month.

"The Cub" is a newsy little paper of the activities of its little sponsors and is unique in that it is the only paper sponsored by a Cub Pack which is printed, and it is one of two Cub Pack papers in the United States. The other Cub Pack paper is issued in New York City and as far as can be learned, it is mimeographed, not printed.

The first issue of "The Cub" carries on the first of its six pages an acknowledgment to certain publishers and other business men for assistance in getting started and among those expressly thanked for their help is The Mountain Democrat, for press equipment and type cases.

C. C. Herbert, forest road superintendent, was at Echo Lake Monday.

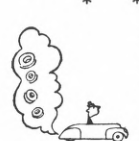

Mr. and Mrs. Hubert Minahan and son were here from Stockton visiting relatives over the weekend.

THE SPIRIT OF

76

by JOHN CLINTON

My neighbor's wife, whom I admire in a polite way, has what is, to put it mildly, a unique ideal.

She suggests that Union have its 76 gasoline give off a cloud of green smoke and the scent of peppermint life savers.

She reasons that if people see thousands upon thousands of cars giving off green smoke and smelling up the place with peppermint, they'll realize how popular 76 is.

Quite aside from the fact that we'd no doubt be run out of the west by people allergic to peppermint and green smoke, I somehow don't think Union's engineers would go for the idea.

76 Gasoline is especially blended to reduce Traffic Nerves, and somehow a lot of green smoke doesn't sound to me like a way to reduce any kind of nervousness!

I think a better, if slightly less spectacular, way is to let nature take its course. About the time you get a tank full of this new 76 and you feel the old buggy come to life all of a sudden, driving just naturally becomes more fun.

Most folks are willing to do anything to reduce Traffic Nerves, and when they find out what new 76 does, I think old fashioned word-of-mouth will do the trick.

But my neighbor's wife is all right. She returns the better she borrows, and if she's a Union Oil fan, it's obviously o.k. by me!

PLACERVILLE PLUNGE IS PAID COMPLIMENT BY VISITOR

The value of the municipal swimming pool to the community is demonstrated by a letter recently received by the Red Cross chapter.

T. S. Marlor, chairman of the chapter, in making public the letter points out that the Red Cross is not a "co-sponsor" of the pool and notes the value of the letter as showing the impression made by it upon a visitor in the community.

The letter follows: "Dear Sirs: Understand you are co-sponsoring the municipal plunge here in Placerville. May I commend you and all other civic-minded groups for the excellent choice of personnel at the pool?"

"I am a P. G. & E. employee up from Sacramento on company business. After work this afternoon, (June 12) I went to your pool for a swim. The young man at the entrance greeted me cordially and seemed most anxious that I enjoy myself. He addressed me as 'sir,' which made me feel very good.

"His manner was courteous and he certainly deserves credit for doing well. The Red Cross instructors there helped me out in regard to some rough points in my style of swimming for which I am grateful.

"You have a good pool and may it enjoy the success it deserves. Cordially yours, Dan Emmett."

MINUTES OF THE BOARD OF SUPERVISORS

Monday, June 3rd, 1940

This being the 1st Monday in the month the Honorable Board met pursuant to adjournment Friday, May 24th, 1940, and there were present Messrs. Hall, Gust, Heusner, Niegel and Breedlove and Arthur J. Koletzke, Clerk of the Board. Chairman Heusner, presiding.

On motion duly made and carried it is ordered that the Auditor transfer the sum of \$150.00 from the unappropriated reserve fund to the credit of the general fund for the payment of extra help in the County Auditor's office for the months of May and June, 1940.

The auditor is hereby allowed extra help of one assistant in his office for the months of June and July, 1940 at the salary of \$75.00 per month.

Report on the examination of the claim for an adjustment of the liability of El Dorado County to the fair and exposition fund from the Director of Finance for the period from January 1st, 1937 to the De-

cember 31st, 1938, filed with the Board and ordered spread on the minutes of the Board and a copy thereof published in the Mountain Democrat; the said report being as follows:

Honorable John R. Richards
Director of Finance
Sacramento, California
Dear Sir:

We have made an examination of the claim for an adjustment of the liability of the County of El Dorado to the Fair and Exposition Fund as set forth in the report on the examination of the books and records of account reflecting the revenue and expenditure of State funds apportioned to the County of El Dorado under section 92 of the Agricultural Code for the period from January 1, 1937, to December 31, 1938.

The County of El Dorado has submitted statements and affidavits which, in our opinion, justify the allowance of the premiums set forth in Account II, Schedules 1 and 2, attached hereto, with a resulting reduction of the liability from the total of \$9,142.84, as set forth in the previous report, to the total of \$2,329.56, as computed in Account I attached to this report.

The county has secured \$1,337.62 from sources other than State or county funds, and this sum, plus \$991.94 from the unexpended balance of money apportioned to the county under section 92 of the Agricultural Code, has been returned to the Fair and Exposition Fund in the State Treasury in settlement of the liability as adjusted in this report.

Respectfully submitted,
FRED W. LINKS,
Chief Division of Budgets and Accounts,
Sacramento, California
May 10, 1940
LS: PM

Permission is hereby granted to JOHN BRADIGAN to construct a cattle guard at his sole cost and in accordance with the specifications of the Board of Supervisors of El Dorado County across the highway leading from Murphy's to Indian Diggins in the County of El Dorado, State of California;

It being distinctly understood that the County of El Dorado and the Board of Supervisors of said County assume no responsibility for any accident occurring thereat, and the said John Bradigan, his heirs or assigns, assume the full and entire responsibility. Said cattle guard to be maintained by the said John Bradigan, or his heirs or assigns, and if not so maintained, the Board reserves the right to remove the same without notice and said Board also reserves the right to require said cattle guard to be removed either with or without notice if at any time in the opinion of said Board circumstances warrant such removal.

BOARD OF SUPERVISORS OF THE COUNTY OF EL DORADO.
By CYRIL H. HEUSNER,
Chairman.

ATTEST:
ARTHUR J. KOLETZKE,
(SEAL) Clerk.
I hereby agree to the above obligations this 4th day of June, A. D. 1940.

JOHN BRADIGAN.
On motion duly made and carried unanimously, it is ordered that the following transfer of road funds be made to-wit:

Road District No. 2
Transfer from No. 15. Material and Supplies to No. 24. Maintenance the sum of \$1,243.40. From No. 20—Hired Vehicles to No. 24—Maintenance the sum of \$33.70.

Road District No. 3
Transfer from No. 15. Material and Supplies to No. 24 Maintenance \$175.00.
and Supplies to Maintenance No. 24 the sum of \$333.79.

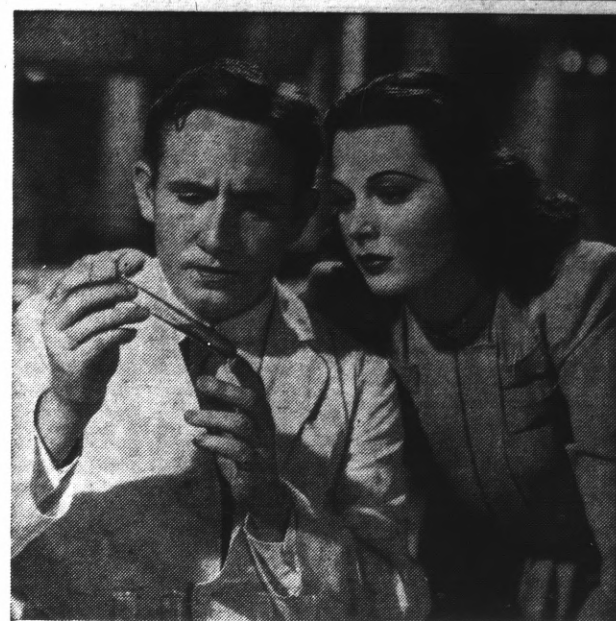

Road District No. 4

Transfer from No. 15. Materials and Supplies to Maintenance No. 24 Maintenance \$175.00.

The Board having received from the State Soil Conservation Committee its certified copy of its acceptance and approval of the formation of the Central El Dorado Soil Conservation District. The clerk of the Board is hereby instructed to publish notice of the hearing on the said petition and sets Tuesday, July 2nd, 1940, at the hour of 3 o'clock p. m. of said day in the meeting rooms of the said Board at which time all persons interested may be heard.

The Auditor is authorized and directed to draw his warrant on the County Treasurer in the sum of \$741.93, from the General Fund for maintenance of inmates at the following institutions: Preston School of Industry \$414.84. Sonoma State Home \$327.09.

No further business appearing the Honorable Board took an adjournment until Friday, June 14th, 1940, at the hour of 10 o'clock a. m.

ARTHUR J. KOLETZKE,
County Clerk.
